

## Smarter Forcible Entry

## FSV Force, Search, Vent Tool

A Combination of our Roof Hook and TD30 Halligan Fork

- Drop-forged, high-carbon steel roof hook head and fork end
- 1" diameter DOM steel tubing for high strength with reduced weight
- No rubber/foam grips— use as-is or easy to customize
- Pointed upper-hook tip breaks tempered/auto glass and pierces roof decking for safer footing during roof work
- Tuned and dressed TD30 Halligan-style fork end for reliable performance
- Lower-hook slot lets a traditional Halligan's forks "marry" for paired operations. 4, 5 & 6 Foot options

SKU: RHFSV-4,5,6
